RE:

Patent Number – 7,135,217

Patent Application SN – **10/753,485**

Filed: January 9, 2004

First Named Inventor: Angela Marie Lansberry

Attorney Docket Number: 1001.008

Title: Multiple Layer Glass Panels with Patterned Light Transmission

**ATTENTION: Certification of
Correction Branch**

Sir:

The following documents are forwarded herewith for appropriate action by the USPTO:

- 1) A 1 page Certificate of Correction (equivalent to PTO/SB/44).
- 2) A self-addressed, stamped postcard listing the elements of this filing.

Applicant hereby respectfully requests that the Patent Office stamp the postcard listing the elements of this filing with the official USPTO date stamp and place that card in the return U.S. Mail.

This is a request for correction of the above-identified issued Patent. Claim 39 has been incorrectly printed with the number "2.14" on line 31 of column 14. The correct number is "2.5". Please note that this error is the fault of the Patent Office; the claim that led to issued claim 39 was submitted as a New claim in the Amendment dated January 9, 2006 with the number "2.5" and was not thereafter altered by Applicant. Therefore, there should be no fee required, and the Patent Office should issue a Certificate of Correction.

NOV 27 2006

Applicant believes that there is no fee due with this filing. The Commissioner is, however, authorized to charge deposit account number 50-3075 for any deficiency, including fees for extensions of time, which are hereby petitioned if required, and is further authorized to deposit any excess fees paid into that same account.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'ASB', followed by a long horizontal line extending to the right.
